Dear Parents/Guardians,

As part of our unit on archaeology, we will be showing the movie “Indiana Jones and the Raiders of the Lost Ark” in our ACE elective class. The movie touches on many of our 6th grade social studies standards including archaeology, the stone age, ancient Egypt, and the ancient Hebrews. We will have a discussion along the way about each of the topics presented. The movie is rated PG for “adventure violence and scary images” and therefore your permission is required. Students who do not have parental permission will work on an assignment in another classroom while we watch the movie.
